At **Meridian Realty** it is not just all talk... Once you reach your **CAP**, you will keep 100% of your commission for the remainder of the year.

We have many testimonies from our *iAgents* who have reached new levels of success in their careers and are realising their dreams! We recognise them as the elite members of the **Meridian Realty** 100% Club.

Tinka Duncker

"Meridian Realty is without a doubt the most professional and flexible Real Estate agency I have worked for. The support structure and professional "back office" team enables us as agents to focus on what really matters, which is successful transactions. In addition to being part of a successful company, the added incentive to be able to CAP on your commission is a goal that every Meridian Realty agent aspires to achieve.

Being able to receive 100% commission for the remainder of the year after "CAPPING" is a wonderful feeling which makes the hard work that you put in very rewarding.

I wish to thank the whole Meridian Realty team and the leadership and support of Antonie Goosen who enabled me to make the CAP a reality in my life."

Rachelle Claassen

"To CAP your commission, I think to any agent is the top achievement over and above acknowledgement, market share, sales on the board etc. No other agency can offer you this!

The additional income helped me to earn amazing market share especially in a tough market. I could offer additional services to my clients and could get away with sometimes asking less commission in order to keep my market share. And yes, it cost me additional money, but it put me in another league and I could increase my market share again this year. I could "up" my game with additional funds for marketing and branding.

Thank you to Meridian Realty, Antonie Goosen and the support team for your great property marketing platform. I simply can't do this without your support, guidance and assistance"

Chris Steytler

"I was lucky enough that a large transfer was delayed in 2020 and the sale was eventually registered early in January 2021 which meant that I had made my CAP for the year and all sales that were going to be registered in 2021 were going to be at 100% commission. It was a surreal moment for me to have achieved CAP so early in the year. The motivating effect that this has had on me has been incredible as I am experiencing one of my best years ever in McGregor real estate and leaving my competitors way behind.

Meridian Realty offers a business model that is far superior to anything else out there. It's not just another brand offering the same as all the other agencies. It's a unique package for professional agents who are serious about a career in real estate. Antonie Goosen and his professional complement of managers and office staff are 100% committed to making sure that the agents are well supported with world class real estate marketing so that they can go out and get the job done professionally. Nothing is ever too much trouble."

Clive Garrod

"I have been an Agricultural and Lifestyle property broker for the last 21 years. Over these years I have assessed many fee structures, commission structures and company models and I have yet to see anything like Meridian Realty's model, which has been well thought through and is fair too.

I joined Meridian in November 2021 and I have been blown away with their systems, their strong back office and support team, including photographers, efficient administration staff and their great marketing platform. The 70/30 split on offer is a great offering as is but the opportunity to earn 100% of your commission, once achieving CAP, is unheard of. This opportunity to earn 100% of commissions for the remainder of a given year has been my motivator and overriding incentive, as to why I joined Meridian Realty. Reaching CAP, is an attainable goal for each and every Meridian Realty iAgent."

Leentjie Barnard

"I have always seen myself as a team player and one that is very proud of the team that I am apart of. Before I joined Meridian Realty, I realised how important it was to have the same goals, mindset and vision of the team that you are a part of. I was blown away with the Meridian Realty team from day one! The support, flexibility, professionalism and freedom that they gave me was amazing! I was free to create my own brand but I never felt abandoned or left out.

By reaching my CAP and becoming a part of the 100% Club, it gave me a new perspective in real estate. It taught me that anything is possible – especially in a year of COVID-19. I am grateful, I am confident and I am loving every minute of my job! I am super excited for what this year will bring and so grateful to Meridian Realty for giving me the opportunity to do what I love and to be rewarded and acknowledged at the same time!"

Greg Pitcher

"Being part of Meridian Realty not only offers you the finest combination of brand, team, training, support and technology in the marketplace; it affords you the opportunity to earn 100% of your commission on sales once you have reached your CAP.

Yes this sounds too good to be true but its not... I was fortunate to become a member of the 100% club during 2020 and while earning 100% of my commission for the rest of this year, I am still enjoying all the benefits that Meridian Realty has to offer.

Thank you Antonie and your team for making it all possible."

"To reach CAP is an agent's ultimate achievement and to do so early in the year is an incredible opportunity. It makes the rest of the year so much more profitable, and it is an amazing motivator to keep going.

Of course, this would be impossible without the excellent support of the Meridian Realty admin team and the inspired leadership of our Principal Antonie Goosen. Thank you!"

**Annette van der Merwe
Stellenbosch**

"I joined Meridian Realty 10 months ago and received my CAP within the first 4 months. The experience was extraordinary.

From the beginning, I was welcomed with opened arms. The level of dedication and professionalism has exceeded my expectations.

Being in the industry for over 10 years I can honestly say that I have never had this amount of admin and media support in my whole career. It gives me the opportunity and freedom to grow my own business while negotiating my own commissions. No royalty or franchise fees.

Meridian Realty is an opportunity to grow your own business with no restrictions or restraints. A truly wonderful feeling. The sky is the limit!"

**Marilize Breytenbach
Paarl**

"I am immensely proud of having achieved this honour of becoming a part of the 100% Club, and attribute much of it to the support from my Principal and Admin Team, as well as the Meridian Realty business plan which is years ahead of anybody else!"

**Christoff Coetzer
Greyton**

"In January I carried over enough deals from my previous year's pipeline to ensure that I reach my CAP for the year from those transactions! This means that with every new transaction I close for the rest of the year all the commission will be 100% mine!"

**Jacques le Roux
Northern Suburbs**

"I think for me the realisation that I had achieved my CAP was almost surreal... For 2 reasons: I was the first Meridian *iAgent* to achieve this and secondly, I was having a lousy year in terms of losing so many deals in the first quarter. However, I kept my head down and pushed onward!"

**Ashley Habib
Atlantic Seaboard**

"Meridian Realty offers *iAgents* the advantage of taking home 100% of your commission earned when you CAP. To qualify for this achievement, you need to earn a gross commission of R750 000 a year. After reaching this milestone, which is not difficult at all, I get to pocket 100% of all the commission I earn for the rest of that year. I still have the fabulous benefits of back-office support, deal tracking, professional photography, graphic design and industry training."

**Sonja Thielen
Stellenbosch**

"I joined Meridian realty just two months ago, and the experience has been nothing short of extraordinary. I was welcomed with open arms and provided with unparalleled support.

The level of dedication, professionalism, and encouragement from the entire team has truly exceeded my expectations. I feel empowered and confident, knowing that I have such a strong foundation behind me. This company doesn't just talk about being a supportive environment - they live it every day.

I'm incredibly grateful to be part of a team that is so committed to my success and growth"

**Soma Holloway-Carther
Langebaan**

"The additional incentive to earn 100% commission is generous and achievable. I have congratulated many winners and wow was I surprised to hear that I had made it into the 100% Club, allowing me to earn 100% commission for the next 12 months.

This incentive is fantastic, and the flood of congratulations and support from everyone was equally wonderful.

Thank you Antonie Goosen, for the leap of faith you took on me and thank you to everyone in the Meridian Realty Family."

**Sharleen Lomey
Napier**

"The business case for Meridian Realty was so compelling, from the hands on, people-centric approach, to the simplicity of the commission structure and the quality of people and agents we conversed with prior to making the decision to join. After missing out on CAP by a hair's breadth in our first 10 months, we managed to achieve CAP midway through 2022.

The 'carrot-dangle' of CAP is a real, tangible goal aimed at propelling you to the pinnacle, or Meridian, of the industry wherever you may be."

**Simon Revington
Plettenberg Bay**
